In addition to the above amount expended upon the Base Ball Grounds the Firemen, together with many other citizens of the town, gave very freely, their money, labor, materials and use of trucks and machinery in improving the grounds. Many of our Summer residents and guests donated money toward the work and their help was much appreciated. In order to complete the job, which is well started, the town should appropriate money to finish the Athletic Field this year.

### SUPERINTENDENT'S REPORT

To the School Board of Madison:

I herewith submit my tenth annual report as superintendent of schools, it being eighteenth in the series of such reports.

Madison is especially fortunate this year in its school organization and teaching staff. Add to this a group of fine boys and girls and the stage is set for excellent results. A large majority of our pupils finish the eighth grade and enter high school. Graduates of the high school are making good in the colleges and normal schools, taking favorable place beside those from large city schools. It is recognized by state authority that graduates from the small high schools stand as well as those from the larger schools.

A large number of our girl graduates have found excellent positions as teachers, after completing the course at the normal school. Several of our boy graduates have found it impossible to finance an advanced education in college or technical school. There is no place where boys can get a start at as reasonable an expense as the girls can at the normal school, most of the boys not desiring to teach. It would be a fine thing if Madison could have something like Tamworth Industries where boys could find employment and at the same time get training in mechanical skill, drafting and decorating.

Madison High School is larger this year than last. There is a senior class of seven, all of whom desire to take advanced education. Prize speaking, dramatics, athletics, editing of the *Madisonian* and organized club activity enrich and enliven the regular study of text books. The Junior High School will have a class of seven to enter the higher work next fall. One of last spring's graduates entered Gorham Normal School in Maine last fall. Three of our graduates complete work at Plymouth Normal School in June and plan to enter the ranks of teachers. One graduate from the University of New Hampshire and also plans to teach. Certainly the citizens of Madison do well to support their high school as they are doing so loyally.

Madison High School has been very fortunate in two special respects. It has had the strong support of Silver Lake Woman's Club which each year sponsors the prize speaking and often assists with liberal financial aid. Members of the club have often furnished programs for the school club on Friday after-

noons. In the second place, the school has had a list of noted speakers that would eclipse that of larger schools. This list has included our Mr. and Mrs. Plimpton, Prof and Mrs. Hocking, Prof. Whitney, Prof. Baker, Prof. and Mrs. Daley, William Manley.

### Medical Inspection

This work is being carried on by Mrs. Marcelle Bozek, a graduate of Laconia Hospital. Last spring under the guidance of Miss Jennings, a special county nurse, a Toxin Anti-toxin clinic was held at the Town Hall under the auspices of the State Board of Health and sponsored by the Silver Lake Woman's Club. Although this was largely a pre-school clinic, all school children were welcome. A Dental Clinic was also held at which a large number of children were treated. Partial financial aid was granted by the local Red Cross and this was appreciated.

### Repairs and Improvements

As usual the buildings have been cleaned, floors oiled and furniture varnished. Silver Lake schoolhouse was dressed inside. Cement steps were placed at Nickerson School. For the coming year, Nickerson Schoolhouse should be painted outside, the underpinning should be reset at Mason and the outside painted. Provision should also be made for relaying the water pipe for the high school.

Madison is showing itself very wise in keeping its school property up.

After one year more when the debt on the high school is wiped out, special attention should be given to enlarging and beautifying school grounds. As Edgar Guest says:

"Give us more lovers of beauty,  
More lovers of gardens, and we  
Shall lessen our need for your cannon  
And iron-clad ships of the sea.

"In gardens, in childhood, in painting,  
In music are safety and peace,  
So give us more lovers of beauty  
That hatred and quarrels may cease."

### Statistics

For the year ending June 30, 1930, our schools had an average attendance of 114, an average membership of 122 and a percent of 93.58. Schools having 95 percent or over are as follows:

High School 95.5 percent

Junior High School 95 percent

Teachers are as follows:

Charles E. Dodge, Headmaster, Madison High School  
University of New Hampshire

L. May Quimby, Assistant, Madison High School  
University of Chicago

Margaret M. Thompson, H. S. Assistant  
and Grades VII and VIII  
Plymouth Normal School

Mabelle F. Moore, Madison Corner School

On September 1, James N. Pringle succeeded Ernest W. Butterfield as State Commissioner of Education. Our state has met a distinct loss in the departure of Mr. Butterfield who for ten years had guided the schools so successfully during the period of transition and growth under the new state law. However, we are pleased that he has an entirely worthy successor.

Mr. Pringle comes to the position of commissioner with a full knowledge of conditions which he, as deputy, has had a large share in developing. We are glad to welcome Mr. Pringle, believing that the school welfare in New Hampshire is under safe, conscientious, and wise direction.

As superintendent of schools, I wish to express appreciation for cordial support in the school work.

Respectfully submitted,

F. W. JACKSON
